 - c. 3rd offense – the coach pitcher is removed /replaced from the pitching position and must be stationed in the dugout. This is not an ejection and the coach can continue to coach the game from the dugout.
12. An adult of the batting team shall pitch to the hitters from inside the designated pitching circle. When the ball is released, the pitcher's entire body must be within the pitching circle.
13. Adult pitchers are prohibited from coaching base runners during a play. Base runners must be coached by either the first or third base coach.
14. **Pitching coaches are only able to provide hitter assistance in order to speed up game or save time. Only non-pitching coaches are able to provide instruction or tips for hitting.**
15. The batter is out after 3 strikes or 5 pitches, whichever occurs first. A foul ball on the 5th and subsequent pitches will not result in an out. There are no called strikes or balls or walks.
16. There are no intentional bunts, one warning will be given and after that the batter will be called out. A batted ball that does not reach the infield grass is a foul ball.
17. The in-field fly rule will not apply in this league.
18. Base stealing and taking leads are not allowed. A runner cannot leave the base until the ball is hit. A warning will be given for the team and the play will be replayed. Any subsequent violation will result in the runner being called out.
19. The defensive pitcher (player) must have one foot within a 5-foot radius of the adult pitcher and located to the side of the adult pitcher when the ball is pitched.
20. Any thrown ball which remains on the field of play shall be considered a live ball and play will continue until the umpire grants "time."
21. **Defensive players cannot request "time" at any position in the field. The ball must be in the possession of a defensive player in one of the following situations before the umpire will grant time.**
 - i. **Possession of the ball by a defensive player in the pitching circle**
 1. **This also includes instances of the ball obviously being thrown to the pitcher inside the circle, but the ball is mishandled by the pitcher. (We are not going to keep running if the pitcher misses the ball)**
 - ii. **Possession of the ball by the coach who is pitching**
 - iii. **Possession of the ball by a defensive player who is in the baseline and is restricting the lead runner from advancing to the next base (controls the lead runner)**
22. **Once time is granted, the base runner will be allowed to advance to the next base if in the umpire's judgment he is past the halfway point between the bases (as should be**

marked by a line near the base path) at the instant that timeout is called by the umpire. If the base runner has not passed the halfway point when time is granted, he must return to the previous base.

23. If a batted ball is fielded by an infielder and is thrown to first base and meets the fence behind first base, the ball becomes dead and all base runners advance one base.
24. A coach/parent may **NOT** assist the catcher in any way by being on the field behind the catcher's position regardless of the number of players.
25. Defensive coaches are not allowed on the field during play but may be stationed in foul territory near the left and right fielders. These coaches must remain beyond the dirt area of the infield and must not interfere with the base coach.
26. On-deck batters will not be allowed.
27. Rif #10 safety ball will be used for the 7- & 8-year-old

Post Season Activities

Intra-League All Stars (optional)

The District designed Intra-League games to be a fun game played at the end of the season by those players selected based on exceptional skill and sportsmanship.

- **Team Makeup:** The teams will be divided according to their standings in the league. The Board will pick a date towards the end of the season and will use the standings as of that date. The teams will be divided in a normal "S" curve type of draft. Team A will consist of boys from Teams 1, 4, 5, 8, 9 & 12, etc. Team B will consist of boys from Teams 2, 3, 6, 7, 10 & 11, etc. If there are an odd number of teams, the boys from the last place team will be split to make the teams even.
- **Intra-league All-Star Selections:** Each All-Star team will consist of 11-12 boys. Each league team will get to place as many boys as necessary to make up 11-12 boys per team. If the numbers do not allow each team to place the same number of boys on the team, the higher seeded teams will get to place an extra boy until the numbers add up to 11-12 per team. Each regular season head coach should verify his boy will be able to attend the game before nominating them.
- **Seeding Deadline:** The age group directors of each league should set the seeding deadline date but it should be roughly 2 weeks prior to the end of the regular season so that the t-shirts can be ordered and the boys for each team can be contacted.
- **Coaches:** The head coach for each All-Star team should be the head coach from the higher seeded teams. If that coach is unable to coach the game, the next highest seeded team's coach should be asked, and so on. The coach must be in good standing with the BAB and Pelican Park. A neutral coach will officiate the game. The head coaches may not contact the intra league team beforehand or hold a practice. The boys will receive a t-shirt prior to the game.
